1<sup>st</sup> April, 2014

Dear Student,

**Acknowledgement of Registration & Application for scholarship Grant**

**Congratulations!** You have completed the first step becoming a part of the webkings 1 year **WEB & CONTENT DEVELOPMENT** training project.

**Welcome to the future!** A world of awesome training strategies to get your digital skills form **OK** to **Highly Employable**, Also scholarship grants, practical instruction aimed at mastery, Film Making, Computer Animation and cutting edge graphic design .

We will Train you to be able to leverage the vast opportunities web 2.0, Specifically **HTML5/CSS3** offers those wise enough to understand and appreciate our dynamically changing world due to rapidly advancing information technology.

Do you know as a young lady or young gentle man, you could make a very good living, i.e. earn quite a high income through becoming a part of the internet driven work force. With a laptop, a modem and the right training in certain specific areas of **WEB, MOBILE & FILM MAKING** technologies. You could sit in Ghana, South Africa, Nigeria, Zimbabwe or anywhere in Africa and earn money working as a developer and solutions provider from any part of the world, if you are trained with the requisite skills.

Over the next few years the number of developer and content development jobs on line will grow exponentially, working online will be a normal phenomenon around the world, why don't you take the initiative to one of the few to take the lead in Africa.

**Master! The Digital Arts for Web & Mobile Apps Development** with the part sponsorship and scholarships opportunities from our Partners.

We at WebKings have partnered with Global and African organization like **iBurst, Mozilla, VTC** and others yet to be announced to provide Scholarship Grants and other resources to talented students who wish to develop their digital skills professionally and make themselves productive citizens to our economies through build and maintaining web applications for Africa and beyond.

**Next Step!** You will be contacted or an interview, either be Email, Telephonically or in person by a grant scholarship consultant, if selected proceed to pay you registration & enrolment fee to lock down you place for the 1 year **WEB & CONTENT DEVELOPMENT TRAINING & PLACEMENT** course.
